E. W. Beatty, Esq.,

Montreal.

Dear Mr. Beatty:

Dr. Clarence M. Pincke, who is on our staff in the University of Toronto, is visiting cities of Canada for the purpose of creating a Canadian National Committee for Mental Hygiene. The movement has been very successful in the United States, and it seems to me that it is no less necessary in Canada. Dr. Pincke wishes to secure the assistance of leading men in various parts of the Dominion, and I am therefore giving him a letter of introduction to you and he will tell you his own story.

Yours sincerely,

President.
